Medical Education in the US

Slide 1 of 16

Biomedical Practitioners in the US

- How do people organize themselves in cultural groups?
- How do they become trained in the language, practice, and ideas utilized by that group?
- Looking at medical careers in biomedicine:
 - educational paths in biomedicine
 - thinking about medicine from the perspective of its practitioners
- kind of practitioners
 - Nurses
 - Mid-level providers
 - Dentists
 - Allied health providers
 - Physicians

No Notes.
